About Modi Enterprises KK Modi Group

86
years of running industries

60
years of experience in education

05
lac students impacted

The Modi Group was started by Rai Bahadur Gujarmal Modi in 1933. This industrial group is unique as it has the only thriving township known as Modinagar which was created by him. By the late 1970s, Modinagar had earned a prominent place on India's industrial map. During this period, the Modi Group was the country's seventh largest conglomerate.

It has been in philanthropic education since the last 6 decades. It has created trusts that owns and operates 22 education institutes, schools, colleges, training centers etc. and has taught over half a million students and educated over 2.5 million families.

"The need for quality, diversity and globalisation in our higher education systems is required to create a new set of future millennial leaders for the world. KK Modi Group has worked continually on a philosophy of empowering people to drive new ideas, innovation, transformation and excellence to take on the challenge of creating new markets and businesses. What better way than to start with the youth and shape their future as leaders."

MR. KRISHAN KUMAR MODI
Founder, Modi Enterprises - KK Modi Group

Employing more than 28,000 people, the KK Modi Group has emerged as one of the top business houses in India.

100 +

countries in reach through International partners network

1.5

Billion dollars in revenue

years of running American Accredited Degrees in India

2000+

Alumni

The KK Modi group is driven by innovation with a presence in a diverse range of businesses like agro-chemicals, tobacco, tea & beverages, entertainment, direct selling, network marketing, gourmet restaurants & education.

The Modi Group has been involved in philanthropic education.

We have been running American Accredited Degrees in India For 17 Years For Western International University (WIU) & Stratford University (SU).

We are unique for having the best regional and national accreditations by 15 renowned accreditors with zero adverse actions.

Dr. Bina Modi
GROUP CHAIRPERSON, MODI ENTERPRISES

"The need for quality, diversity and globalization in our higher education systems is required to create a new set of future millennial leaders for the world. Modi Enterprises has worked continually on a philosophy of empowering people to drive new ideas, innovation, transformation and excellence to take on the challenge of creating new markets and businesses. What better way than to start with the youth and shape their future as leaders"

The basic tenet behind the establishment of KKMU is the fact that it soaks in the spirit of ancient Indian wisdom with a firm hand on the pulse of the future.

Ms. Charu Modi

CHANCELLOR, KK MODI UNIVERSITY

KK Modi University is a world class career university with a soul. We have brought our 17 years of experience of running American accredited degrees and 70 years of industry experience of creating some of the best companies with global partners to create an industry aligned university with a global mindset.

We have partnered with some of the best International Universities to create affordable pathways for our students. Our industry, incubation and technology partners will help us fulfil our goal to develop transformative leaders and entrepreneurs by giving input in the curriculam and through internships starting from the first year. Our liberal studies will help develop softer skills that will help students lead happier lives with purpose.

KK Modi University is a world class career university with a soul

"

"

At KKMU, our approach to education will be holistic personality and leadership development of our students.
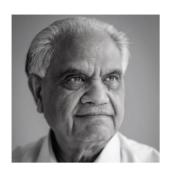

Dr. Monika Sethi Sharma

VICE CHANCELLOR, KK MODI UNIVERSITY

At KKMU, our approach to education will be holistic personality and leadership development of our students alongside the skills for the discipline that they would be pursuing. Additionally, our focus will be on developing critical and innovative thinking, hands-on problem solving, entrepreneurial drive and a quest for continuous learning to deal with the emerging realities of a disruptive world.

KKMU is guided by an Advisory Board whose members reflect expertise across diverse industries that help the university advance its academic mission as they bring decades of experience from field they are eminent.

The board provides guidance to university leadership on strategy and growth opportunities, helps shape distinctive programming, and enhances the School's reputation around the world.

KKMU
SCHOOL OF
HOSPITALITY

This School prepares students to excel within and address the challenges facing the modern-day hospitality and travel and tourism industry. Given the global nature of the industry they are required to be savvy, service-oriented professionals as well as expert operations managers.

Graduates of our program are positioned to assume a wide range of roles within the hospitality, travel & tourism industry and related fields.

Benefits

- Combining Classroom based Education with Practical Work.
- Industry exposure with 5 months paid Internships.
- Harvard Cased Studies and Simulation Exercises.
- Easy Entry-level Job Opportunity.

Academic Building A

Five Pillars of KKMU

World Class Campus
Innovative Curriculum & Teaching Methodology
Co-Op Education with Industry Partners
Student Centric Focus
International Collaboration and Exposure

KKMU Five Pillars

PILLAR 1
World Class Campus

ADVANTAGES

- Students get to study in a world class student centric campus which is aesthetically vibrant, inclusive, technology enabled and community friendly
- Campus designed for interaction and innovation

BENEFITS

- Greater Appreciation for local art and craft and sustainability in all things
- Enriched learning in a space helping to drive a more mobile, agile and innovative culture, creating communities and interactive learning

PILLAR 2
Innovative Curriculum & Teaching Methodology

ADVANTAGES

- Focus on liberal studies
- Focus on Holistic development
- Harvard Case Studies, Group Projects, Live Projects and Simulations

BENEFITS

- Greater Self awareness and Mastery
- Better entrepreneurial abilities and ability to gain leadership positions faster than others
- Advance skills in communication, decision making and problem solving

PILLAR 3
Co-Op Education with Industry Partners

ADVANTAGES

- Co-Op model helps students to work on live projects for real life solutioning in industry & startups
- Industry involved in developing curriculum
- Wide exposure through countrywide internships starting from year one – Delhi, Mumbai, Bangalore

BENEFITS

- Greater Self awareness and Mastery
- Students become highly industry ready
- Gain entrepreneurial spirit
- Gain better understanding of their career path
- Opportunity for permanent placement
- Enhanced resumes
- 5 - 7.5 Months Internship

Student Centric Focus

ADVANTAGES

- Net Promoter Score
- Industry Mentors
- Employability and Entrepreneurship
- Happiness Gurukul
- Clubs and Community Activities

BENEFITS
- Students are treated as important customers and have a big voice
- Community and leadership skills developed through extra curricular activities

International Collaboration and Exposure

ADVANTAGES

- Learn with Best International Experts and access to global resources
- Instill a global mindset
- Multi immersion experiences internationally

BENEFITS

- Opportunity of internships & Increased employability globally
- Networking with International Masters

Academic Building B

World Class Campus

KKMU Master Plan Vision
Stages of KKMU
Designed by Internationally Acclaimed Architects
Campus Views

WELCOME TO KKMU

25 acres of magical space located near the iconic Shivnath river and designed by internationally acclaimed architects, our campus is so inviting you need to see it for yourself. Built for innovation and interaction you will study in a technically and environmentally advanced campus and enjoy one-of-a- kind campus experience. In close proximity to Raipur and the twin city of Durg - Bhilai, you can engage in a variety of fun filled opportunities and unique offerings at every turn - both on and o ffcampus.

Our campus is a space designed for you to experience the power of self discovery, self mastery and growth through life long learning, mirroring one's life's three stages leading to a transformation:

First Stage: KKMU

The student through the education and the environment is given a new birth.

Second Stage: The village and industrial township of Durg
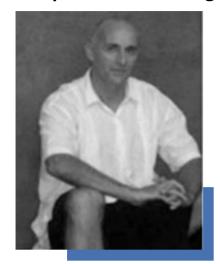

Adulthood / family and settles in society as a productive citizen.

Third Stage: The Shivnath river

The final destination... transcendence…. "Mini Varanasi".

Built by internationally acclaimed architects our aesthetically vibrant campus has been designed to engage, evolve and excel.

WALTER F WAGNER

The master plan for KK Modi University as designed and conceived by Walter F Wagner from Habitat 5, Bali.

Habitat 5 is an international operating "Architectural Practice" based in Bali, Indonesia, since 2000 founded and run by Walter F. Wagner.

SAMI RINTALA AND DAGUR EGGERTSON

The Happiness Gurukul designed by renowned architects Sami Rintala and Dagur Eggertson of Rintala Eggertsson Architects based in Norway.

Built in complete alignment with Vaastu Shastra, the Gurukul creates a harmonious environment, centered around the sacred Swastika, symbolizing well-being and prosperity. Its intricate lattice design with thousand of Swastikas ensures a naturally regulated indoor climate, blending functionality with spirituality.

SANDIP KUMAR

Architect Sandip Kumar of Plural Design, India designed the university's master plan, including landscape planning, and led the development of the academic block, central plaza and landscaping.

The designs aims to integrate learning, working and learning & recreational areas, creating a cohesive community with openness, visual transparency, and flexible traversal.

Practical Andragogy

We offer a wide array of undergraduate, postgraduate, PhD programs in multiple fields of study – from business, technology to media arts and liberal arts. Our flexible degree and certificate programs help you stay on track towards achieving your, goals. Designed with practical curriculum our courses include live industry projects, Harvard Case Studies, simulations. Furthermore, our collaboration with industry partners and academic leaders creates a pathway to a successful corporate career for you.

OUR EDUCATIONAL APPROACH

Our aim is to highly employable professional and entrepreneurs through our three philosophies of instruction which will help in developing Nation Building Entrepreneurs.

Inner Life Skills:

Life long learning, self esteem, open mindedness, mindfulness, self awareness, confidence and happiness.

Outer Life Skills:

Empathy, critical thinking, creativity, communication, collaboration, power of positive thinking and developing personality.
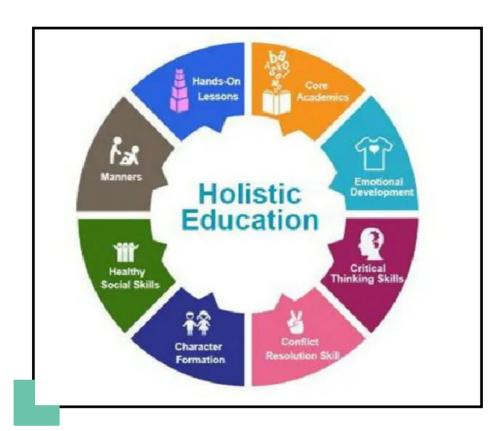

Career Skills:

Domain expertise skills , practical industry experience, and technical global competencies

WHAT SETS OUR DEGREE APART

Our emphasis upon a well-rounded liberal arts education combines Liberal Arts and Sciences, Major, Free Electives and internships. Our Liberal arts education is by nature, flexible and diverse. This gives an opportunity to specialise in a particular field while tailoring your studies to suit your own interests – helps you to be adaptable, to think critically, make connections across subject areas and develop broad skills.

CAREER FOCUSED UNIVERSITY WITH A SOUL

We are a career focused university with a soul based on 3 Key Principals which comprises of taking the learning out of the classroom, linking the power of entrepreneurship with passion and ompassion and self knowledge. Our curricula is directly related to your career goals. You develop Critical and Design Thinking skills, soft-skills such as written and verbal communication and personality development and Bhagvad Gita, happiness and other life long skills for learning through our internship driven academics.

Lateral Entry – Fast-Track Your Education & Career

KKMU's Lateral Entry Program allows diploma holders and students with prior academic credentials to directly enter the second year / Third Year of select undergraduate programs. This pathway helps students save time, reduce costs, and gain advanced knowledge in their chosen field. Whether you hold a diploma or have completed relevant coursework, this program provides a seamless transition into industry-aligned degree programs, accelerating your journey toward a successful career.

Lateral Entry Success Stories

Leepanshi Limje (Joined BCA in 2nd Year - 3rd Semester)

KK Modi University is an outstanding institution that emphasizes holistic development, innovation, and hands-on learning. With supportive faculty and modern infrastructure, it provides an excellent environment for academic and practical growth. My experience has been enriching, and I highly recommend it for quality education.

Kuldeep Verma (Joined BCA in 2nd Year - 3rd Semester)

Joining KK Modi University has been a transformative experience for me. The world-class faculty, innovative curriculum, and vibrant campus life have helped me grow academically and personally.

Shruti Singh (Joined B.Tech in 2nd Year - 3rd Semester)

At KK Modi University, I gained practical learning through hands-on projects and industry-focused coursework. This experience helped me apply theoretical knowledge to real-world challenges, preparing me for a dynamic tech career.

Ishant Sahu (Joined B.Tech in 2nd Year - 3rd Semester)

Supportive faculty and modern pedagogy help bridge the gap between theory and application. Internship opportunities provide valuable industry exposure, enhancing both technical and professional skills. KKMU has truly shaped my academic journey and career readiness.

Vishakha Gupta (Joined BCA in 2nd Year - 3rd Semester)

I chose KKMU for its excellent faculty, state-of-the-art infrastructure, and focus on practical learning. The campus is equipped with advanced technology, including iPads in the library and air-conditioned facilities, ensuring a great academic experience.
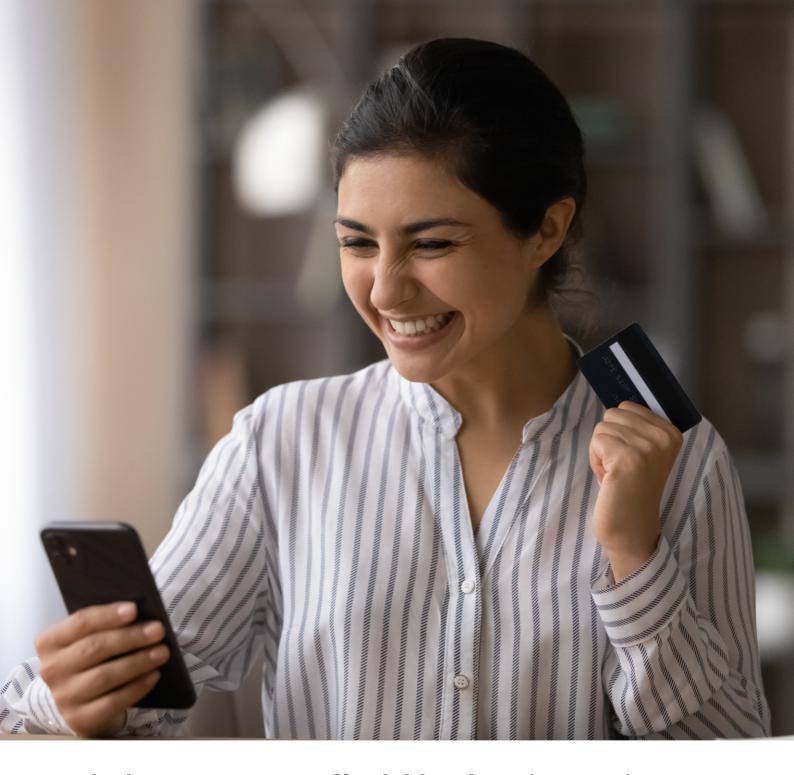

Amit Yadav (Joined BCA in 2nd Year - 3rd Semester)

I joined KK Modi University for independence, it allows me to focus on studies as well as my work and to gain knowledge because college offers in depth learning in my chosen field and it provides chance to meet professors.

Ayush Agarwal (Joined BCA in 2nd Year - 3rd Semester)

I join KK Modi University because of International University Partnerships, Innovative Curriculum & Teaching Methodology, Co-operative Education with Industry Partners, Student Centric Focus and World Class Campus which not only ensure our student's success but also makes KK Modi University the best.
